Dear Members:

I don't know about you but I can't believe it is August already. It seems like the older I get the faster time flies by.

It is with great honor that I begin my first term as President and I have faith that we can be successful together. My first board meeting was held July 23rd and I would like to thank everyone for their support and kindness. All of the committee chairs are filled with enthusiastic individuals and it is that enthusiasm which will propel this organization forward.

Beginning this month our monthly meeting will be held at the Roanoke Country Club and I think I speak for everyone when I say that we are excited about the new venue. The meeting will be the standard August planning session but since we have several guests coming, let's make it the best one ever and make them really feel welcomed!

We are signed up to work the Pepsi stand on September 12th at Olde Salem Days. Please adjust your schedule and plan to volunteer as we really do have fun and we get to shop at the same time. Feel free to bring extra helpers with you.

I hope to see everyone at the August meeting. If there is someone you know in insurance or associated in some way with our industry who has not attended a meeting or hasn't been in a while, ask them to come along.

Sincerely,

Julie

COMMITTEE REPORTS

SCHOLARSHIP:

I have been in touch with our three scholarship recipients periodically over the summer and each of them continues to express their gratitude for our organization and how much we have helped them. One theme resonated with all three which surprised and excited me: they all felt that our banquet that evening was an important experience for them.

It is an emotional time in a graduating senior's life when they realize that their life is about to change and they are now in charge of their future. Being involved in an experience where they are rewarded for the hard work they have done and know that they have a group of professionals that are confident and interested in their future gave them all the courage to try new things this summer and become prepared for their new lives this August.

I am proud to be a part of an association that helped provide this support and give them a glimpse of the types of organizations they will be able to be involved with in their future. There is life after High School, and it's not so bad after all!
